No. visits by citizens	37	33	62	132	112

1. Every school had full 360 half-days in session.
2. During the past three years there has been a decrease of 8-10 pupils in the number registered.
3. The percent of attendance has been good. The epidemic of mumps at the Center school caused the drop in percentage there.
4. Tardiness has decreased from 2.5 per pupil to 1.58. The Center school is to be complimented on the small number of tardiness.

The number of pupils enrolled in the public schools of the district was 50. The number of pupils residing in the district but enrolled in other public schools was 12. Of the latter 6 were in Newport High, 1 in Sunapee High and 5 in Warner High. This makes a total of 62 pupils residing in the district and attending public schools.

ROLL OF PERFECT ATTENDANCE

For Full Year—Cecelia Burton, Kenneth Currier, Arthur Leach, Frances Leach.

For three 9-Week Periods—Henry Bushway, Henry Pepin, Rolland Hall, Lucile Fortune, Raymond Currier, Irene Muzzey, Janet Muzzey, Stanley Currier, Rosina Digilio, Dorothea Leach, Madeline Farmer, Doris Muzzey.

—For two 9-Week Periods—Edward Loughery, Frederick Loughery, Marshall Rowe, Alice Croteau, Irene Croteau, Walter Croteau, Richmond Black, Francis Burton, Wm. Burton, Carl Digilio, Wm. Bly, Carlson Gregory, Herbert Brook, Jr., Lyman Miller, Merle Rich, Barbara Rowe.

For one 9-Week Period—Raymond Therrien, Harold Therrien, John Croteau, Irving Bly.

The health inspection was made by Mrs. Florence Chadburn, R. N., and reported as follows:

Number of cases 10% or more underweight, 11; defective vision, 3; defective teeth, 24; diseased tonsils, 7; defective breathing, 1; defective speech, 1; skin disease, 1; total vaccinated, 45; total number pupils examined, 45.

We continue to recommend that a dental clinic be held in Newbury for the pupils of all the schools in the district. The rates charged at such clinics are about half the regular rates charged by dentists. For those who are unable to pay the full amount of the expense, some local organization might furnish the funds.

The following pupils completed the work of the eighth grade in the schools of the district, and were awarded diplomas at the graduation exercises held at South Newbury at the town hall.

Center School—Henry Bushway, Henry Pepin.

South School—Irving Bly, Doris Muzzey, Barbara Rowe, Christina Therrien.

All these graduates have entered high school.

In the spring quite a large number of pine trees were set out on the school grounds. This was done in memory of the two hundredth anniversary of George Washington's birth.

At the South school during the summer of 1931 the entrance was changed to the side next to the church, the lighting was improved by putting the windows on the side next to the main highway, a small room was partitioned off for lunches; Thompson posture chairs and table desks were installed; also a Kaustine heater, and a cook stove. These alterations and improvements have made this school building above the average in the state. We would recommend the addition of a chemical toilet like those in use in the other schools of the district. At present the location of the driveway into the school yard is very awkward. To one coming in from the direction of Bradford in the winter, it is necessary to go past the school and turn around before entering the driveway. More satisfactory arrangements probably could be made.

We have found our work with the board and the pupils and teachers very pleasant this year. We wish to thank everyone who has contributed to the welfare of the schools of the district.

Respectfully submitted,

JOHN A. SINCLAIR,

Superintendent of Schools.
